Dear Parents,

We are so glad to have you join the family here at Grace. We are grateful for all of God's provisions and we are looking forward to all that God has in store for each of us here. You are an important part of this exciting adventure as we strive to be a "vibrant workplace for staff and an inspiring learning environment for students" (our GIS vision statement) by being Christ-centered, caring for students and being committed to excellence (our core values).

Transitions can be challenging, and our hope is to make your transition into the Grace International School community a pleasant one.

If there is anything else we can do for you as you make your way into the community, please do not hesitate to contact us at 052-088-777.

May God's grace be with you as you prepare to join us here at Grace International School.

In Christ,

Stephen Anderson
Superintendent
